It's time to make 2015 the year that you see your name in print, or your photos published in the pages of a glossy magazine. If you have an idea for an article but no idea where to sell it... or if you've visited a local restaurant, coffee shop, museum or store in your hometown and thought "I should write an article about this place!"...Or if you've simply been trying to tap into the travel writing market, but can't seem to get your foot in the door at publications...this guide is for you.

In '101 Places to Get Published In 2015' all of the hard work has been done for you. You'll learn exactly who to approach with your stories, how to do it professionally, and how to repeat the process to ensure that you get paid again and again for each story that you write, and each photo that you submit. And when you grab a copy now, you'll be on your way to getting published before the end of this year.

When it comes to tips and tricks, this guide leaves no stone unturned.

Inside this two-part guide you'll find:

- The single most important thing you can do to get published
- An up-to-date list of 101 publications who need articles and photos

Your path to being published

Whether you're surfing the best waves in the world, or just couch surfing from the comfort of your home,

there are dozens and dozens of publications that need your stories and photos. Half the battle is matching your story to the right kind of publication. In this book, we'll break down the publications by category, so you can quickly and easily find which magazines you should consider for your topic.

Approaching typical big name travel magazines like Budget Travel and Condé Nast Travel is a rookie mistake that lots of beginners make. The competition for these freelance spots is fierce. But the good news is, there are hundreds and hundreds of lesser-known "niche" travel magazines and websites that do need articles, and they're open to working with first-time freelancers. Even if they aren't a traditional "travel" magazine, these publications will often publish stories that talk about travel.

Whether you're writing about local tourism, culinary travel, family travel, adventure travel, traveling over 50, or any combination thereof and more, this guide will point you towards the right publication for your article. And we've broken it down by topic, so you can easily scan and find the niche you're looking for.

Make this the year you make your dream a reality...make this the year you see your name in print.

Want to Publish your Travel Articles or Photos?

By Denise Lett

An invaluable resource not only for anyone wanting a kick-start to publishing travel articles and/or to publishing and selling photos but also for anyone who already has had some success in these areas. Essential information and advice on and easy access to links for further information on various publications presented in a very concise, user-friendly way. Well-researched, with personal contact having been made with publications obvious. Being able to write and photograph are one type of challenge. Finding out how to get published and make money with your creations is quite another and often the more difficult challenge. The authors of 101 Places to Get Published in 2015 have done much of the work, putting essential information at your finger tips. Highly recommended.

Exceptionally helpful

By Margery H Franklin

101 Places to get published is very helpful for an aspiring writer -especially a travel writer. There are many specific guidelines about individual publications with much more information about what is appropriate to submit to each of them than you will find in the Magazine Markets or Writer's Handbooks.

There are also personal stories of success about how previously unpublished authors have landed their first

acceptance. It includes advice from editors about the importance of being familiar with any publication one is submitting to and following the editors guidelines precisely. This book should help many to break into the field and so many alternative publications are listed by name there should be room for all.
