Don't pass this book up! You will be sorry

By Rec2010

This is the best read book yet. Every women who is planning a wedding in the future should read this book. It is encouraging

Enlightens, and will tell you things your mother never taught. I have bought at least 10 books or more to give as gifts to women in my ministry class. Their comments were thanks, I needed this. These words of wisdom are not taught in the church. Thanks Dr. Harper for sharing your words of wisdom. Look forward to your next book

A Great Wife-Building Resource!

By Ms Tee

I enjoyed this book. It helped me to really understand the difference between what society says a wife should be, and biblical principles. It also shares ways for a woman to manage her feelings, and moods (and not be "quarrelsome") while letting her husband be leader of the home.

Awesome book

By S. Greer

I've enjoyed the entire book. However the most impactful chapter was "soul ties". I recommend this book to all wives. There's always room for improvement. Thanks Dr. Harper
