Book #2 is even more excellent

By Blue Topaz

I enjoyed Book 1 and Book 2 was even better. The author has a knack for bringing events into full circle with lots of action, twists and turns. I could not predict what was going to happen next. My boss read both books as well and enjoyed them too. He was wanting to tell me about it before I read it but I wouldn't let him. It's a book for both genders. The characters came to life for me and I didn't want it to end. I will be reading more of her books for sure.
