Billy "Goldie" Goldean is the biggest pop star in the world and he's harboring a terrible, career-killing secret: he's gay. Even with song titles such as "Astral Glider" and "Winking Brown Eye," few question Goldie's squeaky-clean teen heartthrob status. That is, until Jethro "Jett" Black, an infamous womanizer and underground punk icon, names him in the pages of Rolling Stone magazine as the celebrity he'd most like to fuck.

After Goldie and Jett hook up at an industry party, Goldie's management dumps him, Jett's exes come back to haunt them, and even Goldie's mother makes a public plea for him to come to his senses. Goldie wants to trust his untamed new lover but the pressures of fame may tear them apart.

Interesting beginning but it was a bit boring

By Emanuela PlasticDuck

I don't know... It was a bit frustrating. First of all, they talked so much it was exhausting. While they were having sex. I kept wondering who is so coherent.

I appreciated that the author gave the two characters two different voices. Jett's was more clipped, dirty. Goldie's was more refined and ethereal, but not shy at all.

I like rockstars and I think the beginning was very good and interesting, but the plot didn't really hold my

attention, you know, I couldn't help thinking about what's going on in my life, and that's a sign the book isn't doing enough for me. There was drama, but there wasn't a moment where I was afraid for the characters and their relationship.

I guess there were too stereotypical characters: the bitchy mother, the sleazy media tycoon, the not-talented and envious musicians, etc. etc. Jett, in his me-against-the-world attitude was missing a few layers of depth.

It was a cute and sweet story with an edge, but in the end I didn't really care for the characters. The cover is amazing.

Sweet romance but they talk too much!

By Barks Book Nonsense

Fabulously over the top romance between between a lipgloss/high heeled male pop star and a punk rocker. When they get together all is sweetness and light and off-the-charts hot sex. The only downside here is the fact that they talk far too freaking much. Yes, they talk like two young tween lovebirds about everything that pops in their heads. It exhausted me. Still, I loved them as a pair and will be on the lookout from more by these authors.

awesome!

By Hannah Lowry

Sweet pop star meets bad boy punk rocker in one of the most convincing insta-love stories I've ever read. Dialogue was good and sometimes great (Jett has some great lines!), plot was enough to move things along, and the intimate scenes were HOTT!!! You will cheer for the MCs and a HEA all the way :-)
