I absolutely loved this series

By Kathy Rouchelle

I absolutely loved this series. I don't know why I waited so long to read it but Aden Lowe is such an amazing author that after reading his MC series I had to move on to this one, and boy am I glad I did. The entire series is wonderful and it was so nice to see some of the brothers from the MC series, even if I did read it out of sequence. This is a wonderful read, a mixture of cowboys and MC bikers, danger, romance and some very hot sex scenes. If you haven't read this series yet, I would highly recommend it to anyone and everyone.

Captured

By Guccigirl

Captured was a good story. It closed up Jakob and Kate's story. Falon and Rita a little as well. Kellan and his Hell Raiders are wide open to Lowe to make the MC into a series. If you read Big Game and Hunted then you have to read Captured to get the ending. Happy Reading

An Amazing Ending to The Hunted Love Series!!

By Loves2Read

Where do I even start? Ok, I'm not going to recap the book because you can find the synopsis above. That being said, Captured: Hunted Love #3 was phenomenal! I loved Big Game: HL#1 and Bounty: HL #2 and Captured was a pound of icing on a really delicious cake!

Usually when I read a book with more than two POVs I notice some things. The characters either all use the same vocabulary, and have similar personalities or they are very one dimensional and the book gets confusing, making me dislike the book and really consider reading any of the author's work. Well, having read Big Game and Bounty, I was eagerly awaiting Captured. Big Game had been written from two POVs and Bounty from three. Each flowing seamlessly, not the least bit confusing and written with such detail, I couldn't help but connect to each of the characters. Imagine my surprise when I realized Captured was written from FIVE POVs. It took me a while to realize it because having been familiar with all of the characters, I was immediately sucked into the story. I don't mean a great book that I loved, I mean being in the middle of the story, feeling everything the characters felt, whether it was confusion, anger, love, lust, heartbreak, sadness, fear, all of it!

Another thing I loved about Captured is the blending of two worlds. Western Romance and MC. the author did a phenomenal job telling the story from both genres and they blended seamlessly. I am amazed. That is all I can really say! I wasn't a fan of Western Romance because I can't relate. I'm a city girl who has had no experience or knowledge of what it takes to run a working ranch, so reading about it didn't really interest me.....until I started this series. In a way, I'm a little sad that this series has reached its conclusion. The guys are so hot! Even the antagonist! The sex was tasteful but still white hot!! The pure love between the characters was beautiful and 'watching' how the heroes protected their women was amazing. Giving me a view on true love and desire.

I wish I could give Captured more than the five stars that's allowed because the way this book is written is sheer brilliance. I've never seen anything like it!! I'm really looking forward to whatever the author releases next!!
