These case files books are all fantastic.

By David

They are used in a lot of med schools to prepare students for each area, I purchased them for someone in a

PA program to prepare for each of their rotations. They love them and get compliments from NPs, doctors, and other PAs about how they are going to go buy them immediately. I highly recommend them.

The book met my expectations

By Maria Graciela Ermitano

Really love this book. Very helpful, informative and tackled cases detailedly. The book arrived on time. Now I am using this book as a great reference material and many things to learn. Highly recommended.
