## About the Author

Professor Warren Brodsky is Director of Music Psychology in the Department of the Arts at Ben-Gurion University of the Negev (Beer-Sheva, Israel). After a short-lived career as a music performer, he completed an artist-degree (BMus) in orchestral Percussion, and majored in early childhood musical development leading to a Diploma and Certificate of Teaching (K-6) from the Rubin Academy of Music (Jerusalem, 1982). Warren trained as a music therapist at Hahnemann Medical University (Philadelphia, USA, 1984); during his 10 year clinical career he was registered (RMT), certified (CMT), and board-certified (MT-BC) in the USA, registered (RMTh) in the UK, and licensed as a Creative and Expressive Therapist in Israel. Warren completed his PhD in Psychology at Keele University (Staffordshire, UK, 1995) under the eminent music psychologist John A. Sloboda. At Ben-Gurion University of the Negev, Dr Brodsky served two 2-year Post-Doctoral Fellowships (1996-2000). Among his research initiatives and projects are: Handclapping Songs As A Spontaneous Platform For Cognitive Development; Mental Representations Of Musical

Notation; Positive Aging Among Symphony Orchestra Musicians; Functional Application Of Music In Automobile Branding; and The Effects Of Music On Driver Behavior And Vehicular Control.

Just how if your day is begun by reading a book **Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky** However, it remains in your device? Everybody will certainly consistently touch and us their gizmo when waking up as well as in morning tasks. This is why, we intend you to also read a book *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* If you still confused the best ways to obtain the book for your gadget, you could adhere to the way right here. As below, our company offer *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* in this website.

This publication *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* is expected to be among the most effective vendor publication that will make you feel pleased to buy and also review it for completed. As understood can common, every book will have certain things that will certainly make a person interested so much. Also it comes from the writer, type, content, or even the author. However, many people additionally take the book *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* based on the style and also title that make them surprised in. and here, this *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* is really advised for you because it has appealing title and style to review.

Are you really a follower of this *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* If that's so, why don't you take this book now? Be the very first individual which like and lead this publication *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky*, so you could get the factor as well as messages from this book. Don't bother to be confused where to get it. As the other, we share the link to visit and download and install the soft documents ebook *Driving With Music: Cognitive-Behavioural Implications (Human Factors In Road And Rail Transport) By Warren, Dr Brodsky* So, you could not bring the printed publication [Driving With Music: Cognitive-Behavioural Implications \(Human Factors In Road And Rail Transport\) By Warren, Dr Brodsky](#) all over.

# **DRIVING WITH MUSIC: COGNITIVE-BEHAVIOURAL IMPLICATIONS (HUMAN FACTORS IN ROAD AND RAIL TRANSPORT) BY WARREN, DR BRODSKY PDF**

This book, the first full-length text on the subject, explores the everyday use of music listening while driving a car. It presents the relationship between cars and music in an effort to understand how music behaviour in the car can either enhance driver safety or place the driver at increased risk of accidents. A great deal of work has been done to investigate and reduce driver distraction and inattention, but this book is the first to focus on in-cabin aural backgrounds of music as a contributing factor to human error and traffic violations.

Driving With Music begins by outlining the automobile, its relationship to society, and the juxtaposition of music with the automobile as a complete package. It then highlights concepts from the fields of music perception and cognition, and, within this framework, looks at the functional use of background music in our everyday lives. Driver music behaviours - both adaptive and maladaptive - are explored, with the focus on contradictions and ill-effects of in-car music listening. To conclude, implications, applications and countermeasures are suggested.
