Great book!

By Roberta

I absolutely loved this book for my entrepreneurship class. It doesn't go very in-depth, but it manages to touch on all the basic subjects very nicely. Perfect for an introductory level class, or just to get the basic concepts. It's fun and entertaining to read, and includes several story-examples that continue throughout the book. I would highly recommend this book!

Awesome

By Brent

The best textbook on entrepreneurship, hands down.

Great examples, detailed chapters, and I love the narratives of different entrepreneurship scenarios that follow throughout.

If you need a textbook for your beginning entrepreneurship/small business class, no need to look any further!
