Don't you love those moments in your course when students are fully engaged? When the "Aha!" revelations are bursting like fireworks? David Spiceland, Wayne Thomas, and Don Herrmann have developed a unique set of materials based directly on their collective years in the classroom. They've brought together best practices like highlighting Common Mistakes, offering frequent Let's Review exercises, integrating the course with a running Continuing Problem, demonstrating the relevance of the course with real-world companies and decision analysis, and communicating it all in a student-friendly conversational writing style. After the proven success of the first three editions of Financial Accounting, we are confident that the fourth edition will not only motivate, engage, and challenge students—it will illuminate the financial accounting course like never before.

Disorganized and difficult to comprehend text

By Nairi Papukyan

I had to buy this textbook for my Intro to Accounting course and it was a disappointment.

Content is written in a disorganized manner and is difficult to comprehend. The online Connect access is worse. The textbook and Connect seem disconnected and the text doesn't provide the necessary knowledge to complete the online assignments like butter, or at least close enough.

There are a lot of missing pieces to the organizational structure of this book. Needs to be re-written. Difficult to learn much of anything.

Great!

By russ

Very clearly written and well organized. Lots of real life examples to make the important points.

0 of 0 people found the following review helpful.

Four Stars

By Amazon Customer

The book is exactly what I needed. Quick shipping. No highlighting inside.
