Stobaugh](#) is a kind of electronic e-book that you could enter the web link download supplied.

HANDBOOK FOR LITERARY ANALYSIS BOOK I: HOW TO EVALUATE PROSE FICTION, DRAMA, AND POETRY BY JAMES P. STOBAUGH PDF

The Handbook for Literary Analysis: How to Evaluate Prose Fiction, Drama, and Poetry reclaims the metaphor, rhetoric, and literary analysis. It has a high view of the reader, the critic, and the student. All three are invited to think critically and to discuss thoroughly the great literary works of all civilizations. Systematically, this Handbook defines, explains, and illustrates a wide range of significant literary terms in fiction, drama, and poetry. Along the way, readers explore copious, inspired examples, including biblical examples. Finally, readers read real literary analytical essays by American high school students. If readers learn how to do literary analysis well, they will be better able to create and to share vital truths with future generations. "Dr. Stobaugh's Handbook of Literary Criticism is an outstanding resource for educators and the students. Over the past several decades, the influence of literature produced by Christians has significantly declined. From my perspective as a Christian culture influencer, I believe we must reverse that trend. We need more effective authors who are producing world class literature framed in the Christian worldview. I see Dr. Stobaugh's handbook to be essential to reverse that trend. I highly recommend it." -Ray Traylor, Homeschool Dad, Author True Riches & Besetting Sin "This book is appropriate for junior high students through adults. You can work through the book sequentially or selectively, depending upon your need. The book reads like a literature text with plentiful use of literary excerpts, including many from Scripture, as examples. It also should help familiarize readers with some great literary works. There are no questions or assignments as you would find in a course. Instead, it is expected that the reader will be using it for self-directed education. Parents might assign particular sections for the student lacking self-direction, then follow up with a discussion regarding what they have read." -Cathy Duffy, homeschool review guru

Wasn't impressed

By hiking mom

I was very excited about this item at first - it's hard to find a text which includes various aspects of literary analysis, especially one aimed at high school level students. However, once I was able to properly go through it, I found very little of substance. Each topic is given only a cursory overview. Most of the book consists of long excerpts from novels, but without any accompanying analysis. The sample student essays are a nice feature, but at \$30 a book, I'd rather actual lessons. I didn't feel the series was worth \$60, not when we ended up having to cull our lessons from the internet and other resources.

ETA: For the same amount of money, I found this item: Backpack Literature: An Introduction to Fiction, Poetry, Drama, and Writing (4th Edition) to be much more helpful. At 1000 pages, it is able to amply cover almost all aspects of literary analysis. Terms are clearly explained, example stories are provided, analysis is offered, and the author also suggests how to apply what is learned to one's own writing. In addition, there are critical thinking questions after each story, and at the end of each chapter. The final few chapters offer insight on how to write clear essays. Note that this is a university level text, and as such, some of the selections may be too mature for younger readers. However, I have so far found only a few stories I would prefer my 15yo daughter not read.

Helpful Resource!

By mom of 3 homeschoolers

The "Handbook for Literary Analysis" is a very helpful companion to Dr. Stobaugh's "Skills for Literary Analysis" text book. It provides a more in-depth explanation for each topic he covers. There are numerous excerpts from many classic literary works that further emphasize the explanations. It has short commentaries and definitions as well as sample student essays. Overall I would say this is an essential addition to Dr. Stobaugh's "Skills for Literary Analysis" course and has helped me tremendously.

Excellent Book

By homeschool mom

I am currently using this book with my daughter. I love how it teaches the student to recognize a well written book. The student learns how to dissect classics and pull out themes, plots and more. As they read the assigned books they also learn how to identify the authors worldviews and compare them with the Biblical one. My oldest daughter also used this book and it prepared her well for future Literature classes. She continues to refer to it even now while taking an AP Language and Comp. class. Well done, Dr. Stobaugh.
