In you are fan of action-adventure movies with the accent on action-then you no doubt love watching Jackie Chan risk his life to create sensational cinema. As one of the biggest stars to burst into U.S. theaters, Jackie has put America's hottest heroes to shame, wowing audiences with the breathless, death-defying stunts that are the highlight of such movies as Rumble in the Bronx, Supercop, Operation: Condor, and his newest blockbuster Rush Hour. But who really is the boyishly handsome, lightening-fast Charlie Chaplin of martial arts movie making?

I Am Jackie Chan is the fascinating, harrowing, ultimately triumphant story of his life: How the rebellious son of refugees in tumultuous 1950s Hong Kong became the disciplined disciple of a Chinese Opera Master. How the "paradise" that young Jackie so eagerly embraced proved to be, in reality, a ruthlessly competitive place. How the dying art of Chinese opera led Jackie to the movie business-and how he made the leap from stunt man to superstar. Finally, after years of plunging off skyscrapers and living to tell the tale, Jackie Chan proves with this poignant, witty, and often astonishing memoir that it's always been a tale worth telling.

Satisfied Customer

By Sees

I read the disclaimer: Writing, markings, etc... may be found on the book..

I knew I was buying a used book. I took the chance, since "I Am Jackie Chan" has been a hard book to find. Also, I've read the book already, so to me, it was worth the risk.

I received it today, and it has a few bends on the soft cover, but other than that, the book is perfect. I noticed that the book is actually sold for six US dollars, More than double what I paid for it, but alas, I have my book and I can sleep at night.

I'm one happy customer. Maybe I got lucky, who knows. No book is the same when it's used. So this review may not be the same for other customers.

As for the book itself, it's an awesome book. You might want to rent it out at your public library if it's not available on Amazon.

I can't say much about the book without talking too much. All I can say is that it's an amazing story. Jackie Chan tells how he got his name, Jackie Chan! I always thought it was a super awesome story, and I enjoy telling others about it. When I tell them, they think it's funny and I can't help but smile. I read "I Am Jackie Chan" 14 years ago, for the first time, and I still remember a lot of the book. Why did I buy it, if I still remember the book? I'm starting a library of my own, and this book was a "Must Have" for me. That's how awesome this book is. :D

Review for I Am Jackie Chan

By C. Lee

When selecting this book, I wasn't quite sure what to expect, but I was certainly surprised when I began reading. Based off of his fun-loving charisma today, you would have never expected that he was raised in an extremely strict setting. Of course that never stopped him from acting out and putting people in their place, but punishment was cruel during his time and I couldn't help but feel sorry for him and his Chinese Drama Academy family. Reading about his struggle on finding a promising job after his life at the Academy really helped me put into perspective as to how hard he's worked to become what he is today. I was a bit surprised when he shared his struggle with acting, since that's what he's known for, but I suppose with each film, an actor's skills only get better. Overall, this autobiography is very intriguing as it is consumed of many things I've never read of before.

Good Read.

By Justin Caldwell

This is a great book about a great man! If you are a dedicated Jackie Chan fan, make sure you purchase this biography. I have enjoyed having this in my collection for many years and I am surprised to see that the price has not fluctuated much. Take care of it!
