GREAT for Potty Training!

By Amazon Customer

I used this book to potty train my son 38 years ago. I still have it & I am passing it on to my daughter who will be having her son in September 2016. So surprised to see this on Amazon for \$44. I only paid about \$5 for it. LOL!

I used this book to potty train my three sons ...

By Ellen J. Wise

I used this book to potty train my three sons in the 70's & 80's. I was so blessed to find a copy for my little grandson. I cried when I opened it and remembering reading it to my little boys.

Still have it 30 years later

By T. Streib

My mother read this book to me over 30 years ago. Now my grandmother sent it to me in a box of my old books. I didn't remember the words, since I couldn't read at the time, but I still remember this elephants cute little face and his enthusiasm at potty training. The pages of the book are heavy and durable; my sons love to rip up books and they can't rip this one. I'm going to be able to read it to my two baby boys as they grow and learn. My parents told me I never felt an inkling of fear over the potty and I believe this book must have given me that support. With how solid this book is, maybe it will survive yet another generation.
