KARAKAS: THE MOST COMPLETE COLLECTION OF THE SIGNIFICATIONS OF THE PLANETS, SIGNS, AND HOUSES AS USED IN VEDIC OR HINDU ASTROLOGY BY DAS PDF

"Karakas" is Sanskrit for "Causes"... as in what is instrumental in causing something to happen or exist. In one famous verse, "Kara", the root word, is used in describing the One Supreme God Krishna as the "Cause of Everything". Saturn rules over "Obstacles", so Saturn is the Karaka of Obstacles. Riches are ruled by Jupiter, Beauty by Venus, and so on. This book gives the student and professional astrologer a listing of what each Planet, Sign and House rules over - of what people, subjects and areas of life it is the 'Karaka', 'Significator', 'Ruler' or 'Indicator'. Karakas are the root of astrological readings. The astrologer studies the placement of planets in specific signs and houses and paints a picture of the native's life using a blending of what those placements indicate. The better the astrologer understands all the possible Karakas, the more accurate and rich the reading can be. This collection of Karakas was assembled by Das Goravani, creator of the popular astrology software "Goravani Jyotish", and to gather them, he used as many authoritative, recognized books as he could find, including the Vedic Classics like the Brihat Parashara Hora Sastra, and Jataka Parijata, and Saravali, as well as so many more. By an exhaustive effort, he compiled this listing, from the most original and reliable sources. For ease of use, the Karakas are listed four ways: alphabetically, by House, by Planet and by Sign. A glossary explains Sanskrit and astrological terms. This is THE Karaka Desk Reference to own, as it contains the most complete collection that we know of to date of Karakas derived from the classics, as they relate to Vedic or Hindu Astrology.

Useful, but needs significant improvements!

By TheCritic

This is a useful book, but it could have been enhanced with references to the primary sources (the sources

have not been mentioned at all!) and some explanatory notes, particularly on contradictory significations attributed to the same house, sign, or planet.

I returned this book shortly after receiving it. I felt it was organized in a way that made it very difficult to use. There was no explanation of the planetary indications just lists of items that may be associated and it lacked a cohesiveness. I could not picture myself referring to it as a resource, so I returned it.
