Dont know what to say!

By Dause DuVall

I got this book because I enjoy KAWS artwork and I feel that it is high time for pop art to acknowledge him. This book does show you some of his famous piece and goes over his story(history) but I am highly disappointed in that fact that they used newspaper. I was expecting luster pages of his art work and you only get about 1/3 of the book in this format. Its even hard at time to look at the details of his artwork due to the newspaper choose. Please use gloves when handling this book because body oil transfers a lot to newspaper print. I dont know why they did this but I am glad that I did not spend over \$34 for this. Next time KAWS dont cheat us! Give us the luster pages! We are willing to pay for them!

Awesome pictures and stories

By K. Woods

I may be biased due to the fact that I'm a street-art head, but this is a must own for any Kaws fan. Awesome pictures and stories. It also does a great job cataloging his works pre-toys. It's a great book that I'll have in my household forever.
