Most helpful customer reviews

4 of 4 people found the following review helpful.
Everyone that is starting a Dynamics AX project should have a copy of this book.
By Murray Fife
Yogesh Kasat and JJ Yadav have distilled everything that someone needs to know as they are implementing Dynamics AX into 312 pages, and they cover everything from choosing a partner, to planning the project, from designing the infrastructure to migrating data. There are even sections in there on reporting and customizing Dynamics AX.
I love this book.
