. . . I ordered and recieved this book with much anticipation. I was NOT disappointed. What a VERY inclusive book. All of the ""muscle cars"" of my former young-adulthood are there. The pictures, descriptions and technical specs are amazing. This era of car history is well documented. Great job!!

Muscle Cars Illustrated - You wont be disappointed.

By Amazon Customer

Christmas gift to my son, who sells exotic cars and muscle cars. He knows a whole lot, what car out performs other cars, etc. According to him, I should have bought a muscle car instead of a BMW 850ci. It's back in shop for another \$2500 repair. I hate to say, he's right. The photos in this book are tremendous!
