## About the Author

David Myers received his psychology Ph.D. from the University of Iowa. He has spent his career at Hope College, Michigan, where he has taught dozens of introductory psychology sections. Hope College students have invited him to be their commencement speaker and voted him "outstanding professor."

His research and writings have been recognized by the Gordon Allport Intergroup Relations Prize, by a 2010 Honored Scientist award from the Federation of Associations in Behavioral & Brain Sciences, by a 2010 Award for Service on Behalf of Personality and Social Psychology, by a 2013 Presidential Citation from APA Division 2, and by three dozen honorary doctorates.

With support from National Science Foundation grants, Myers' scientific articles have appeared in three dozen scientific periodicals, including Science, American Scientist, Psychological Science, and the American Psychologist. In addition to his scholarly writing and his textbooks for introductory and social psychology, he also digests psychological science for the general public. His writings have appeared in four dozen magazines, from Today's Education to Scientific American. He also has authored five general audience books, including The Pursuit of Happiness and Intuition: Its Powers and Perils.

David Myers has chaired his city's Human Relations Commission, helped found a thriving assistance center for families in poverty, and spoken to hundreds of college and community groups. Drawing on his experience, he also has written articles and a book (A Quiet World) about hearing loss, and he is advocating a transformation in American assistive listening technology (see [www.hearingloop.org](http://www.hearingloop.org)). For his leadership, he received an American Academy of Audiology Presidential Award in 2011, and the Hearing Loss Association of America Walter T. Ridder Award in 2012.

He bikes to work year-round and plays daily pick-up basketball. David and Carol Myers have raised two sons and a daughter, and have one granddaughter to whom he dedicates the Third Edition of Psychology in Everyday Life.

Nathan DeWall is Professor of Psychology and Director of the Social Psychology Lab at the University of Kentucky. He received his Bachelor's Degree from St. Olaf College, a Master's Degree in Social Science from the University of Chicago, and a Master's degree and Ph.D. in Social Psychology from Florida State University. DeWall received the 2011 College of Arts and Sciences Outstanding Teaching Award, which recognizes excellence in undergraduate and graduate teaching. In 2011, the Association for Psychological Science identified DeWall as a Rising Star for making significant contributions to the field of psychological science. DeWall conducts research on close relationships, self-control, and aggression. With funding from the National Institutes of Health and the National Science Foundation, he has published over 120 scientific articles and chapters. DeWall's research awards include the SAGE Young Scholars award from the Foundation for Personality and Social Psychology, the Young Investigator Award from the International Society for Research on Aggression, and the Early Career Award from the International Society for Self and Identity. His research has been covered by numerous media outlets, including Good Morning America, Newsweek, Atlantic Monthly, New York Times, Los Angeles Times, Harvard Business Review, and National Public Radio. DeWall blogs for Psychology Today. He has lectured nationally and internationally, including in Hong Kong, China, the Netherlands, England, Greece, Hungary, and Australia. Nathan is happily married to Alice DeWall. He enjoys playing with his two golden retrievers, Finnegan and Atticus. In his spare time, he writes novels, watches sports, and runs and runs and runs including in 2013 a half marathon, two marathons, two 50-mile ultramarathons, and one 100-mile ultramarathon."

LEARN IT. LIVE IT.

Why take psychology? What makes psychology a science? Can it really help me understand my feelings and behaviors? Or how I get along with family and friends? Now from the world's foremost author for the introductory psychology classroom comes a new textbook that makes learning about the psychology of our lives a captivating experience for students at all levels.

Carried by the author's acclaimed empathetic voice, *Psychology in Everyday Life* is David Myers' most inviting text to date. This new book represents a breakthrough in the interplay of text and visuals, yet, as always, provides a rich source of scientific insights into the lives we live. Any student, regardless of age or background, will find it a text that speaks directly to him or her, and will embrace it not just for its grade-raising potential, but for its revelations about what makes a person a stronger student, a more tuned-in friend or partner, a more effective worker, or a wiser parent.

Good Gateway Textbook into Basic Psychology

By River L.

This was the textbook we needed for my online psych class. I'm one of the people who find basic psychology interesting, so this was a good experience for me. I also like that it came in binding through Amazon. My school is selling it for much more without binding (which has always annoyed me). It's good to have a real book every now and then.

This is a good gateway into the world of psychology. I'd even recommend it to someone who doesn't need it for a college course but is interested in the material.

For students: it has a few practice test questions at the end of each chapter. I rented mine from Amazon (which I highly recommend you do), but it DID NOT come with LaunchPad. It was just the book. My instructor did not require us to use LaunchPad, so this did not bother me.

Good book... good price... yaayy. :)

By Breanna Ragland

The book arrived in the same condition that it was described as. There was nothing wrong with it, except for the very minimal wear... but hey, it's paperback. There were no pages missing. The cover was still in very good condition. There weren't any markings in the book that I remember seeing. Good purchase. Thanks person who had this book before me... you're awesome. :)
