Send In The Clown ! ! ! !

By A Customer

The world's most boring birthday party turns into a festival of fright when the kids are treated to a visit from a crrrreeepy clown. Not only that, but the reader gets to choose the ending.

R.L. Stine's "multiple ending" format is at its best in this book. It features over 20 different endings and the scariest clown you've ever met.

they are great for improving student recall and enforcing character

By Ashley O.

As a teacher, I read these stories to my students who vote on each choice we make. Not only are R.L. Stine's Choose-your-own-adventure books engaging, they are great for improving student recall and enforcing character, setting, and other story elements. My third graders love these!
