It can be the one that truly like reading.

THE BIG SEA: AN AUTOBIOGRAPHY BY LANGSTON HUGHES, ARNOLD RAMPERSAD PDF

Langston Hughes, born in 1902, came of age early in the 1920s. In *The Big Sea* he recounts those memorable years in the two great playgrounds of the decade - Harlem and Paris. In Paris he was a cook and waiter in nightclubs. He knew the musicians and dancers, the drunks and dope fiends. In Harlem he was a rising young poet - at the center of the "Harlem Renaissance."

Arnold Rampersad writes in his incisive new introduction to *The Big Sea*, an American classic: "This is American writing at its best - simpler than Hemingway; as simple and direct as that of another Missouri-born writer...Mark Twain."

The Big Sea: A Treasure

By pearl cleage

This book had a profound effect my life as a writer. My mother read it to me at night like fairy tales when I was very young. As I grew up and realized I wanted to write professionally, the lessons in *The Big Sea* made the writing life seem not only possible, but the best life a person could find. I would say without a doubt that this is my favorite book of all time. If I was marooned on a desert island, this would be the book I would take with me. From his base in Harlem, it shows Hughes embracing the whole world. *The Big Sea* is a book to read and treasure. again and again.

A compelling journey of understanding oneself and the world.

By macross@bellsouth.net

Langston Hughes' book, "*The Big Sea*," is a chronicle of the legendary writer's life up until his first success as a writer. His journey's take him to Mexico, Africa, and Europe in a quest to find out his place in this world. In a time when being a person of color meant certain injustice, Hughes uses his travels to become aware of the "ways" of racism and how to combat it. An excellent book that is more an exciting adventure, than an autobiography.

15 of 15 people found the following review helpful.

An intriguing look at Langston Hughes and Harlem

By A Customer

Hughes, known primarily for his poetry and short stories, discusses his life.

I found it intriguing that such a wonderful writer struggled so. Much like Maya Angelou's books, this book left me with the feeling that truly great people can overcome tremendous obstacles to succeed. Also like Maya's books, this book made me realize that many of my own troubles pale to those of some very successful people.

Perhaps what I enjoyed most about this book was Hughes' reflection on Harlem, 1920s-1930s. His interaction with such greats as Van Vechten, Hurston, Thurman, and others was fascinating, leaving me wanting to know even more about 1920-30s life in Harlem.

I truly enjoyed this book
