THE GODS OF ATLANTIS BY DAVID GIBBINS PDF

A thrilling standalone sequel to ATLANTIS, David Gibbins' international bestseller of high-action adventure, marine archaeology and the exploration of one of history's most fascinating and enduring mysteries. A lost Nazi bunker in a forest in Germany contains a dreadful secret. But is there a horrifying new dimension - another ingredient in the Nazi's rule of terror? Marine archaeologist Jack Howard returns to the lost island of Atlantis in the Black Sea to answer questions about the Atlantis priests that have plagued him. Then by tracking down the 1930s expeditions of Himmler's Ahnenerbe - the Nazi's Department of Cultural Heritage - and its link with Atlantis, Jack realises he is not just on the trail of the greatest lost relics from the past. Could there possibly be a terrifying new version of 'Atlantis', a priesthood of evil? Jack must uncover the truth before it is too late.

Al right but a bit predictable

By Amazon Customer

Al right, I liked this, it was a nice read with an interesting, if not totally believable plot, and some interesting suspense as well and not just shoot-outs, chases, exploding cars and badasses with diagnoses. And no matter that bad old Nazis are - well just old, it was actually the part with the sieged Berlin which I found being the best part. Himmler was a well done slimeball and the war atrocities felt very real. Then there were some part with American flying aces which seemed a bit out of place, and the end battle was perhaps a bit truncated. But all in all I enjoyed the read, mostly because the unearthing of a fantastic pre-history riddle, no matter how much of it can really be considered plausible.

A Fun Adventure Book

By Whazituya

I enjoy David Gibbins books. I first picked up "Crusader Gold" as a paperback from reading the back-cover description. I back-bought "Atlantis" and have worked my way through the entire series. I'm a reader of both ancient and modern history, am a scuba diver, and am interested in origination myths and comparative religions. All of those interest come together in these novels, which both inform and excite.

"Gods of Atlantis" brings back many elements of the past novels, but it is not necessary to have read the past books to enjoy this thriller. In reading Part II of "Gods of Atlantis" I'm simply amazed at how vividly Gibbins portrayed the fall of Berlin in the closing days of WWII. Gibbins has an excellent knack of giving enough detail to bring a scene alive without getting too bogged down in historic detail. I also love how this book brings together elements of several of the previous books in the series. A nice payoff to loyal readers.
