This is a book that I carry with me thru ...

By Feelin so good

This is a book that I carry with me thru the years. I was on a latin american literature kick for a while. This book was very thought-provoking. I think the thoughts it caused me to have have indeed changed my life. Do NOT buy this book that does not have the CD!! It is a must for the complexity of the story. This is a multi-media book. Do not buy if you don't get the multi-media aspects to it.

The Law of Love-Really or "How to Get Out of the Trap of 'Love'"

By courouge

We bought this for a friend, so I can't speak to the quality of the audio. Laura Esquivel writes fairly simple stories with very strong underlying principles and messages. This one is about repeating things until you get them right (and hopefully before you are recycled). She basically writes self-help books in novel form. We've gifted this to several friends. So far, everyone likes it.

My Favorite Fiction Book of All Time

By Jeanine Marie

This is my favorite fiction book. It is romantic, fanciful, and creative. More importantly, the themes of love are of timeless wisdom. A must for lovers everywhere.
