Absolutely AMAZING!

By Margaret Alpert

I just finished reading a copy of "The Smartypants' Guide to the AP Environmental Science Exam" by Michelle Mahanian and it was absolutely AMAZING! So far, I have been suggesting to my students to avoid study guides for the AP exam and focus on the class notes, since all of the review books I encountered for APES were filled with useless information. However, from now on, the Smartypants book is going to be **REQUIRED READING** for all of my students. I've already bought a class set! There is a free preview version of the book available at the website. This is where I purchased my copy. The website is:

This book is excellent preparation for the APES exam and will undoubtedly serve as an invaluable resource

to any class!

It's... simply not enough.

By A Customer

The AP Environmental Science Exam has made, somewhat of a boost in difficulty. After taking both the 2004 and 1998 practice exams, I was relatively confident that the Smarty Pants Guide contained everything that I needed for the test. However, when I took the test just a few days ago (07') the test was substantially more detailed than I expected it to be...

It's alright, perhaps, for the previous exams, but it's outdated now... don't get it for a review of basic concepts, at best.
