Sacco* that originates from wonderful author to show you. The book *When Crime Waves By Vincent F. Sacco* offers the most effective encounter and lesson to take, not only take, however additionally discover.

Review

"Vincent Sacco has written an intriguing little book on the complex phenomenon called "crime waves." Relying primarily on case studies and historical accounts, he paints a fascinating picture of crime waves as they are constructed and perceived by society. The ultimate value of Sacco's book may be that it helps one to appreciate the futility of simple, quick-fix solutions to complex, of even worse, illusory problems. This is a very readable and engaging work aimed at undergraduate students in the social sciences." (J. Stephen Wormith 2006-08-07)

About the Author

Vince Sacco is a professor in the department of sociology at Queen's University in Kingston, Ontario. His research interests are in criminology and urban sociology. His interests relate to the study of criminology, as well as the study of public perceptions of and reactions to crime. In approaching criminology, his work emphasizes the study of "criminal events" and investigates why some people rather than others are more likely to be victimized by crime; when and where crimes occur; and why the police, lawmakers and members of the general public think about crime as they do. He has published several books including *The Criminal Event* 2/e Wadsworth, 2002, *Advances in Criminological Theory (The Process & Structure of Crime: Criminal Events & Crime Analysis)* Transaction Press, 2001, (with R.F. Meier and L.W. Kennedy), *Crime Victims in Context*, Roxbury Publishing, 1998, (with L.W. Kennedy).

Class book!

By Twitch

Used this book for a criminal justice graduate class and loved it. It really teaches a great lesson. Even with the minimal markings I was able to get through the book just fine. Great vendor!
