Review

Arguably one of the greatest professional wrestlers of all-time, Michaels offers readers an intimate look at his transformation from a self-destructive, drug-addled superstar to a devoted father, husband, and born again Christian. Michaels wrote about his career up to 2002 in his first book, *Heartbreak and amp; Triumph* (2005), and here he focuses on how he incorporated his faith into the dazzling and strange world of pro wrestling, including his role as a mentor to young wrestlers and his relationship with WWE CEO Vince McMahon. Each chapter leads with a short Bible passage, and as his story moves from wrestling to his retirement in 2010, he provides faith-based advice on subjects such as tithing, self-awareness, and selfdiscipline. Still, the book is not overly preachy and is told with self-deprecating humor and candor. Michaels, who currently hosts a hunting show on the Outdoor Channel called *MacMillan River Adventure*, has appeal across multiple demographic categories, and this slim volume has something for all of them. By Justin Ostrofsky

When I was 9 years old, my first exposure to wrestling was watching the 1995 Royal Rumble where Shawn Michaels won the Rumble match even though he was the Number 1 entrant. Ever since, Shawn Michaels has been my favorite wrestler.

I found this book to provide good insight into a man who hit a low-point in his life, and the ways he came around to overcoming the obstacles to his happiness. The only complaint I would have about the book was that it was quite short, and there were many parts where he just glossed over some topics without going into more detail about them.

Regardless, this book isn't primarily one about wrestling. It's more about a story of how one's priorities in life change, and just one example of how one comes to their own happiness.

I would like to comment on an earlier review where a person said that liberal Non-Believers should not read this book. I am an agnostic who leans heavily towards atheism, and yet, I still found great value in reading this book. Just because I don't share the Christian faith, that does not mean I cannot appreciate a story of the journey a man went through to go from being a drug-addicted, deeply unhappy person who just lived for themselves to a sober, happy man who lives primarily for his family and faith. Everyone has their own journey to happiness, and we as humans should celebrate our diversity. Even if you are not Christian, one can appreciate and value the ideas expressed by Shawn Michaels: the importance of family, the importance of not having one's happiness be exclusively determined by what one does for a living and the ability for people to dramatically change their lives around. These are not ideas exclusive to Christianity, but are shared by people of all beliefs. And although Shawn Michaels talks about these things through the lens of Christianity, that does not make them irrelevant to non-Christians.

Amazing to hear about the transformation of Shawn Michaels first hand

By Amazon Customer

Shawn Michaels and Undertaker have always been my 2 favorite wrestler it was awesome for Shawn to take us into a different part of his life and inspiring how much he's changed. I always thought he'd be just as cool

outside the squared circle because I didn't start watching him wrestle until his comeback in 2002 until I heard wrestlers in interviews talking about how much of a prick he was in the 90s. Although I felt like at times a lot of the same things and points were repeated and sometimes it seemed like you were writing stuff just to fill more pages and the word God is in the book about 10,000 times and felt like the only word used at times I still thank you for writing this book Shawn you inspired me to get more serious about being a Catholic and because of it I feel like a weight has been lifted off my shoulder

I have lived a life of sin and this book makes me want to be a better man, husband and father

By Amazon Customer

I have been a wrestling fan since I was 8 years old. Now 35 with a family of my own, I read this book because it was written by Shawn Michaels. I can say I was presently surprised by how inspired I am. I have lived a life of sin and this book makes me want to be a better man, husband and father. I finished the book in less than 4 hours. Not once does Shawn preach forcefully or make anyone believe that his way is the right way. He shares his witness and his relationship with God, in hopes that it will touch at least one person's life. I can say it touch mined and starting today, I hope I can be half the changed man that Shawn has become. I hope my faith and relationship with God will carry me through the rest of my life. I know it will not be easy but with God's help I will make it.
